Less holiday hassle More holiday fun

Between social obligations, work stuff you need to finish, not to mention ticking off everything on your to-do list, the most wonderful time of the year is also the busiest.

That's why we're encouraging everyone to give themselves a gift this year and give themselves a break. There's no such thing as the perfect holiday celebration, there's only your perfect holiday celebration.

However you choose to celebrate, IKEA can help make everything a little bit easier and more affordable. Which means that you get to spend more time (and less money) enjoying yourself.

We hope our new winter collections, VINTERFINT and STRÅLA decorative lighting give you some ideas. The end result is up to you.

“In Nordic folklore, The Tomte was an important figure who helped the farmer. He was never seen, but the results of his work were obvious. These gnomes show the deeds they do, and I hope they’ll bring joy for many Christmases to come.”

Designer **Paulin Machado**

VINTERFINT

Inspired by Scandinavian folklore and handicraft, the VINTERFINT 2023 collection makes it easy to prepare for the holidays and create lasting memories.

From table linen and tree ornaments to gift bags and wrapping paper, the VINTERFINT 2023 collection has everything you need to make this holiday season fun and fuss-free.

“VINTERFINT cushion cover is inspired by riding cushions that were used in Sweden to make journeys on horse-drawn carriages comfier. Together with a warming throw I hope it completes the cosiness with family on the sofa.”

The holidays, all wrapped up

Why horses, holly and red apples? They're a little nod to our Swedish roots. VINTERFINT 2023 collection's gift wrap rolls takes the characters, colours, patterns and shapes of traditional Swedish folk art and gives them a new life and a modern twist.
